Dated: 24 -05 - 2016

Whereas, the School Education Department is charged with the responsibility to create necessary infrastructure across the state to fulfill the mandate of ensuring access to school for all school going children as also quality education; and

Whereas, to address acute shortage of staff in remote and peripheral areas of the State, Rehbar-i-Taleem Scheme providing for engagement of teaching guides in schools was formulated; and

Whereas, while the objective of increasing the outreach of the department has been achieved to a large extent, serious concerns have been raised by the general public about the quality of education being imparted in the Government schools leading to repeated demands for taking appropriate measures; and

Whereas, in order to ensure that quality education is imparted in the Government schools, the department has, in the recent past, initiated series of measures including competence and capacity building of existing human resources, rationalization of resources, formulation of transfer policy for equitable distribution of Human resources as also amending recruitment rules to attract the best possible talent in the department at the two entry levels of teaching faculty viz. Lecturers and Teachers by prescribing written test and proposing up-gradation of minimum qualification; and

Whereas, the Hon'ble High Court too, in the case titled 'Faisal Ahmad Vs State and others'; made serious observations about the quality of education in the schools in which teachers/ReTs have been engaged who have acquired degrees through study centres, which were termed as tuck shops and issued elaborate instructions in its order dated 14.5.2015, operative part whereof is reproduced as under:-

*"In order to arrest further deterioration in the Education system,

All such ReT/ teachers, who fail in such screening test, their certificates would required to be seized. Of course, after affording opportunity of hearing to them. The authorities shall consider termination of their services after following principles of natural justice as same will be in the larger interest of student community and society”;

A high level committee of the department considered the matter and sub-committee of experts made detailed recommendations after taking into account scenario at national level as also circumstances in the State & observed that the ReTs shall form a major part of teaching faculty in view of massive recruitments of ReTs made after formulation of the ReT Scheme and recommended that teaching ability of ReTs need to be assessed to ensure that remedial measures are taken wherever deficiencies are noticed.
