

**Government of Jammu & Kashmir  
Directorate of School Education Kashmir**

***Circular***

**Subject: Protocol for welcoming guest/Officers/VIPs.**

It has been observed that the guests/officers who visit the schools/Offices or any function are received with plastic bouquets which is not an eco friendly practice and needs to be done away with. In case, any courtesy is to be extended to the guest/Hon'ble Minister ,natural flowers grown in the school premises must be given instead of the non-biodegradable bouquet. This practice will also encourage the local cultivation of flowers in the schools and shall prove to be a self confidence building tool for the students.

Therefore, it's reiterated that the practice of giving plastic bouquets to the guests must be abolished.

  
Dr. Shah Faesal (IAS)  
Director School Education Kashmir
