**Subject: Teaching of different subjects at Secondary & Senior secondary level by PG Teachers/Masters.**

It has come to our notice that the services of PG Masters/Teachers posted in Higher Secondary Schools are not utilized for the teaching of different subjects at Senior Secondary level. A wrong tradition has been set by which Teachers, Masters-specialists and howsoever qualified- are not allowed to teach classes of 11<sup>th</sup> & 12<sup>th</sup>, whereas Lecturers are reluctant to teach secondary classes. In a knowledge economy such wastage of precious human resource due to hierarchy issues is not acceptable.

Therefore, it is enjoined upon all the cluster heads/headmasters that while framing time table for secondary/senior secondary classes, these PG teachers/masters/lecturers must be also included for teaching the subjects of their specialization.

Further, if any lecturer is interested in teaching of Secondary or Elementary level classes, he/she may be given the chance to do it at the feeding elementary sections/schools so as to strengthen the primary and upper primary school system.

Further, qualified (PG B.Ed/Any professional degree) non-teaching staff may also be given the opportunity to teach wherever required, at least as a mark of respect.
